Dear Roger and Janis,

"Thank you so much for taking on the job of finishing our basement. We know it was a busy time for you and that we were out of the way with your other jobs. We just love the way it turned out! Thanks again - we appreciate all you've done."

Sincerely, Jeff & Julie

"Thanks so much for everything...getting us in by the 26th & all of the others things you've done - they didn't go unnoticed or unappreciated!! We're in and settled...kind of...and loving every minute of it!"

Dear Roger,

"We would like to take this opportunity to thank RCA Builders for the excellent job they did on our new home. We are so happy with the final product and the attention to detail that Roger paid during the building process. He demanded the highest quality of performance for all of the contractors that worked on our home. We also appreciated that he checked on the house and least twice a day during its construction. He was also very accommodating when we changed our mind on various aspects of the house during construction. We would highly recommend RCA Builders to anyone who is considering building their dream home"

Respectfully, Steve and Jean Hegarty

We have been in our house since 2007. We really enjoy our house. The complete process with RCA was great. Even with all the changes that we had made to the design Roger and his staff were still very helpful and professional. We would recommend RCA to anyone. Thank you very much.

Travis & Valerie Rittenbach

Dear RCA Builders,

"We are taking this opportunity to thank you for the wonderful job you did helping us plan and build our home. We really appreciate the time you spent with us to ensure that we had planned for everything we would need. We have recently had several severe storms pass through the area. It has been very noticeable throughout the neighborhood where builders cut corners and where things weren't put together solid. Thanks to a little luck, prayer, and the great job you did for us we have come through unscathed. Thank you again for all your help."

Sincerely, Paul & Melissa Langowski

To Whom It May Concern:

"I am writing to compliment you on the wonderful home that you built for my family. We are extremely pleased with the complete job. All the estimates that you gave us regarding the cost were right on the money. It was a pleasure going to our closing and having everything as you quoted us, with no hidden surprises or extra charges. We were pleased with the opportunities you afforded us to visit the building site at any time. Any changes that we wished were done immediately. I feel that we have the best built home in the area. I would highly recommend you to anyone wishing to build a new home."

Warmest Regards, Stephani & Rob
